CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Pahokee P.T.A. Group Has Interesting History From Its Formation In 1929 To 1964

Residents of this area will be interested in some of the findings of Mrs. James Harry Wilkinson as she searched for information on the Pahokee P. T. A., its past presidents and other interesting information to form a book to be sent to the county P. T. A. office in West Palm Beach.

Mrs. Wilkinson is historian for the local P. T. A. Presidents of the P. T. A. from 1929 to 1964 are as follows: Mrs. L. W. Armstrong, Carmen Salvatore, Mrs. L. L. Stuckey, Mrs. Iris York, John Dulany, Mrs. J. E. Cochran, Sr., M. C. Garrett, Mrs. A. H. Dalton, Mrs. G. C. McLarty, Mrs. J. M. Elliott.

Mrs. R. J. Schrader, Rev. C. A. Moberg, Mrs. D. W. Cunningham, Mrs. H. E. Unwin, Mrs. J. C. Schoeppe, Mrs. Paul Sasser, Mrs. E. A. Jensen, Mrs. John A. Dulany, Mrs. Elsworth Keen, Mrs. Roy Vandegrift, W. O. Moss, James H. Wilkinson and Mrs. Ellis Wilkin-

E. E. Bishop was the first principal of Pahokee High School. There are approximately thirty-five charter members of the P. T. A. which was founded in 1929.

In 1934-35 the P. T. A. became a member of the county and state federation with a membership of two hundred, the largest in any P. T. A. group in Palm Beach (continued on page 8)

Past Patrons, Past Matrons Honored

Mrs. Annette McCurdy presented a program honoring past matrons and past patrons of Pahokee Chapter 184, Order of Eastern Star, at the regular meeting of the chapter in the Masonic Hall.

Mrs. Eunice Hughes, worthy matron, and Perry Sizemore, worthy patron, said 12 past matrons and past patrons were presented gifts by Mrs. McCurdy.

Mrs. Jennie McKinstry, secretary was instructed to write a letter thanking Palm Beach Chapter 41 for its gift of an Eastern Star rug which was used by the group for the first time at the meeting.

Pahokee Baptists Easter Program

The Choir of the First Baptist Church of Pahokee will present "The Lord Is Eisen", an Easter message in Scripture and Song will be Mrs. Lee Wroten and Mrs. Bill Shirley. The Male Quartet, will sing "Were You There?". Mrs. Colvard will direct, Miss Verlon Jones will be at the organ with Miss Dorothy Batchelor at the piano.

The Pastor will speak on "The Glory Of The Resurrection".

At the 6:00 Evening Worship the Lord's Supper will be observed by the congregation of the First Baptist Church.

Register To Vote Here In Canal Point

If your name isn't on the registration list so that you can vote in the coming primary election you can register right here in Canal Point. Mrs. Faye Urury has been deputized and is fully commissioned to register you and she has the proper forms for you to fill out. She lives across the street from Pugh's Barber Shop in the Evie Keen home. Her phone number is 4-7350. Give her a ring right now and tell her that you're coming to register. The books are closed by law on April 4, so you'd better register today.

Goodbody Concern Hired By County

The County Commission this week employed the firm of Goodbody & Company to act as its fiscal agents for a proposed bond issue to finance construction of a new terminal at International Airport.

The action was unanimous, but not before Commissioner Paul Rardin charged that the sudden proposal for retaining the firm "is another case of bringing things out cold in the commission meeting."

Apparently a majority part of the five man board had approved the firm's proposal. The "three signature" action, in the past, has been applied to routine board actions which are later brought up in regular meetings for confirmation and for reading into the minutes.

Rardin said matters of this kind should be discussed by the entire commission before any definite action is taken—"this three signature deal is being run into the ground," he added.

Rardin, who is vice chairman of the board, said he had no quarrel with Goodbody & Company, saying he believed the firm to be out (Continued on Page 8)

Rainbow Girls Get 3 New Members

At the regular meeting of the Pahokee Assembly 16, Order of Rainbows for Girls, a class of four candidates was initiated into the Order with Miss Mary Lee Adams, worthy adviser, and her staff of officers in charge of the initiation.

The class included Miss Nancy Harrington, Miss Susan Todd, Miss Ethel Johnson and Miss Alice Johnson.

It was announced that the Pahokee Rainbow girls collected \$230 in the recent local leukemia fund raising drive. They were assisted by Mrs. Marie Hughes, Mother advisor and Mrs. One Fay Urury.

Miss Gloria Hall and Miss Ruthelle Vandegrift were hostesses during the serving of refreshments.

Police Chief Leon Guthrie Running

Leon Guthrie, chief of police in Pahokee, has qualified for re-election in the annual city election to be held May 5 at city hall. Chief Guthrie will be seeking his eighth 2-year term as head of Pahokee's police department.

In commenting upon his qualification for re-election Chief Guthrie said: "I want to thank the people of Pahokee for allowing me to serve them in the capacity of chief for these several years. I assure each and everyone that upon re-election I will continue to carry out the duties of the office in a fair and businesslike manner as I have done in the past."

Under Chief Guthrie the department has been modernized and has become one of the outstanding small city police departments in South Florida.

Through the years that Mr. Guthrie has been Chief he has been particularly proud of the record that no child has been seriously injured in the school zones. "This record has been accomplished through the splendid cooperation of the motorists and parents who use the two school zones daily," the Chief said. "With cooperation in the future like we have had in the past, we can continue to take excellent care of the youngsters as they travel to and from school," the Chief concluded.

Advertise For Bid Surface Ramie Rd.

The county commission this week took several actions aimed at stepping up road construction in the Glades section of the county.

In one action, requested by Commissioner Paul Rardin, the board agreed to ask the State Road Department to provide plans for Larimore Road in order that steps could be taken to determine where crossings and water lines should be located.

The commission also voted to call for bids for resurfacing a seven mile stretch of Ramie Road.

In another action, and in answer to a request by the South Bay PTA, the board voted to ask the State Road Department to conduct a traffic light survey on State Road 80 at the South Bay School. Heavy traffic at this time of year, the request said, is endangering the lives of school children who have to cross the road where no signal is in operation.

The board also agreed to start right of way condemnation proceedings for improvement of Ice Plant Road, as soon as necessary agreements are made available by the State Road Department.

Girl Scout Group Names New Leader

The executive board of the Palm Glades Girl Scout Council has named Mrs. Lauri Justice, leader of Pahokee Girl Scout Troop 247, new chairman of Girl Scout District Three, which includes troops in the southern part of Lake Okeechobee from Pahokee to Moore Haven.

Harry Elarbee At Lennox Meeting

Harry B. Elarbee of Boe's in Pahokee, spent February 23 and 24 in Decatur, Georgia, attending the annual dealer meeting of Lennox Industries Inc. He was among approximately 300 people representing dealers who came from Florida, South Carolina, Georgia, Alabama, and Mississippi to hear Lennox president John W. Norris introduce a number of new products, especially a revolutionary furnace heat exchanger said to set new standards in quiet operation.

An open house was held at the plant and guests were treated to a banquet at Druid Hills Country Club. In addition to new heating and air conditioning product information, the assembled dealers were informed of new advertising campaigns and special dealer sales and promotional aids.

Cancer Crusade All Set To Go

More than 1,000 volunteers stand ready this week to take another strike against one of the nation's greatest killers—cancer.

The volunteers come from every walk of life and are bound together by a common belief that cancer can be cured—eventually cured, if an informed public will lend its support.

Heading this large team of Crusaders is R. Carroll Peacock, Palm Beach architect, who has been a volunteer crusader for several years. Last year he served as chairman of the West Palm Beach business division.

In addition to his work for the American Cancer Society, Peacock has taken an active part in community service projects put on by the Jaycees and Kiwanis.

The annual April Crusade, he said, will serve two vital purposes—it will raise needed funds for cancer research and will also serve as a means of distributing informative literature on the strides being made against the disease.

HOME FROM HOSPITAL

Alton Jones was able to return to his home this week after a two week stay in St. Mary's Hospital. He was joined by Mrs. C. B. Jones who has been staying in Clewiston during his son's illness.

Nine Mile Bend Rd. Plan In Making

Plans were put in the mill Monday to secure right-of-way for a new road in the vicinity of the Glades Sugar House to facilitate cane movement, vegetable trucks and farm service vehicles, according to County Commissioner Paul Rardin. Com. Rardin asked the county commission to assign acquisition of right-of-way to the department under Pomery Dunbar whose job it is to secure such right-of-way for new roads.

The road connects the Airport Road and SR 80 at Nine Mile Bend and leaves the airport road at a point near Sam Senter Packing House. At present the canal bank, with a little dab of rock on it, is being used as an emergency road to run empty cane semis on, and Com. Rardin said the road would be included in next year's budget if the right-of-way is donated to the county before budget time in June of this year.

Request for this particular road has been made by officials of the Glades Sugar House and Lake Shore Growers Cooperative, both of Belle Glade.

Commenting on the right-of-way Com. Rardin said: "I feel sure that it will be forthcoming right away because several of the fellows have signed their intention of donating right-of-way. The new road can be included in next year's budget if the right-of-way is signed off before June."

The new road will be known as "Nine Mile Bend Road" in the county road system, Com. Rardin said.

5100 Acres Of Corn Planted One Week

A few short weeks ago the area experienced a frost which killed several thousand acres of tender green corn that had been planted for the spring crop. Farmers were planting corn the afternoon of the frost and that week 5100 acres of corn went back into the ground.

Further investigation shows that another 3300 acres were planted the following week. These are official figures. With this amount of corn coming into harvest at one time in the next few weeks growers are of the opinion that the \$3.50 price being enjoyed today will stump considerably.

Union Service To Mark Easter Day

Members of the Canal Point Methodist church and Canal Point Baptist church will unite in joint Easter morning services in front of the Community Building in Canal Point at 6 a. m. Sunday.

Rev. Robert A. Shelley, pastor of the Methodist church, will bring the Easter Day sermon and a 40 piece choir will sing under the direction of Rev. Lawrence Stewart of the Baptist church.

Mr. William T. Gist will be soloist for the occasion.

Campbell Candidate For Superintendent

Democratic Martin V. Campbell, principal of Boynton Elementary school, is a candidate for Superintendent of Public Instruction in the forthcoming Democratic primary to be held May 5, 1964.

Campbell, 45, of Lake Osborne Hills, has been a Palm Beach County resident since July, 1959. He is an ordained Baptist minister, married, with two sons teaching in the Palm Beach County public school system, and a daughter at Lake Worth senior high school.

His 16 years school experience includes classroom teaching from kindergarten through the twelfth grade. Also, Campbell has been an assistant dean at the University of Alabama for more than four years.

For four years he was superintendent of schools of Culman County, Ala., by appointment of the governor and Culman County School Board.

In Palm Beach County, he has been a visiting teacher, and was county director of adult and veteran education for two-and-a-half years before becoming principal at Boynton Elementary.

He has an A.B. degree in education and religion from Howard College, Birmingham, Ala., an M.S. degree from Alabama Polytechnic Institute, Auburn, "and 66 semester hours of further graduate hours towards a doctor's degree in educational administration and supervision from the Universities of Alabama, and Florida, Auburn and Florida State University."

Three other Democrats—Robert W. Fulton, Edward M. Eissey and John J. McDonald—have also qualified for this race, plus one Republican, Lloyd F. Early.

Incumbent is John W. Martin, a "caretaker" appointment by Gov. Farris Bryant to complete the unexpired term of Howell L. Watkins. Primary election date is May 5.

Miss Faith Sasser is now living in Atlanta, Ga., where she is employed in the personnel department of Rich's Department Store.

Commissioners To Pick Poll Workers

A formula for measuring how many Democrats and how many Republicans should be named as clerks and inspectors in each of the county's voting precincts still remains a question this week.

County Commissioners Monday tried to find a formula but finally decided to keep precinct workers as they are now and not try to make any changes at this time.

Each commissioner is to name poll workers in his district.

Commissioner Lake Lytal said he believed the board should adopt a policy of some kind in order to facilitate listing officials and doing the necessary legal advertising.

Louis Morrell, assistant supervisor of registration, who was attending the meeting, on another matter suggested that three Democrats and two Republicans be named in each of the precincts. He said his suggestion was based on the fact there are 80,000 registered Democrats and 30,000 registered Republicans.

Board Chairman Edward Bandlow, said he believed it should be three Republicans and two Democrats. His view was shared by Commissioner George Warren Both Bandlow and Warren said they had already picked precinct workers on that basis.

Said Chairman Bandlow, "It's the only patronage we have and I feel the people at the polls should represent the party power of the commission." The county board is now made up of three Republican members and two Democratic members.

The board finally agreed that in view of the short time before the first primary election that no changes in the appointment formula should be made at this time.

Morrell appeared before the board to request overtime pay for workers in the registrars office during the current rush. The commission approved the overtime request.

WILLIAM C. MOSS

William C. Moss For Circuit Clerk

William C. Moss has qualified for the post of Circuit Court Clerk for Palm Beach County. And an-

ounces his candidacy for that post.

Mr. Moss has been a resident of West Palm Beach for the past 20 years. He was born in Kentucky, is married, a member of the First Methodist Church of West Palm Beach and resides at 2407 Parker Avenue in West Palm Beach.

Mr. Moss has had fifteen years in city and county government work. He was supervisor of payrolls for the city of West Palm Beach for ten years, resigning this post to become Assistant to the comptroller of Palm Beach County. This past year he resigned to become Chief of the Civil Division of the Palm Beach County Sheriff's Department. He is now secretary-treasurer of the Glades Window Company, Inc., of Belle Glade, Florida.

Mr. Moss is a graduate of Green County High School, Bowling Green Business University and has had an extension course in Personnel Administration.

Before moving to West Palm Beach in 1944, he was employed by the Curtis Wright Corporation of Louisville, Kentucky, as an accountant. He has also been em-

ployed by the United States Government as an accountant.

In view of the above background, Mr. Moss can render to the people of Palm Beach County a service that would be both efficient and courteous and pledges his untiring effort to maintain and where possible improve the function of the office he seeks.

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be.

So now you have the Jet-smooth Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

Or you can choose the thrifty Chevy II, a 15½-foot family car with all kinds of passenger and luggage space.

This year, your choice might be,

the new 16-foot-plus Chevelle,

sized to fit nicely between Chev-

rolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 15-foot Corvette, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

The effect of the resurrection
on Jesus' disciples will be one of
the themes at Christian Science
church services this Sunday.

Both Matthew's and John's ac-
count of the resurrection will be
read as part of the Bible Lesson
on "Reality." Also included will be
this passage from the Christian
Science textbook: "Through all
the disciples experienced, they be-
came more spiritual and under-
stood better what the Master had
taught. His resurrection was also
their resurrection. It helped them to
raise themselves and others from
spiritual dullness and blind
belief in God into the perception of
infinite possibilities" (Science and
Health with Key to the Scriptures
by Mary Baker Eddy, p. 34).

Make Application For Access Road

The county commission Monday
took speedy action to prevent clos-
ing boat launching facilities at
Lake Harbor.

The Corp of Engineers asked
that the ramp be closed since its
use is causing damage to the Lake
Okeechobee levee.

The commission agreed to pave an
access road and provide a park-
ing lot and instructed the County
Engineer to make application for a
permit to do the work.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?
A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed $4\frac{1}{2}\%$ each year to maturity.

Q: When did the new rate become effective?
A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?
A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?
A: Yes. An automatic 16-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?
A: No. The automatic $\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?
A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop; that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

County.

The first school cafeteria was put into operation in 1935-36 and a Girl Scout troop was organized under the sponsorship of the local P. T. A. The first Halloween carnival was held in 1936-37 and plans for a new elementary school were drawn up, at the time of the drawing the school was located where the Pahokee city park is now.

The Pahokee High school student Council operated Teen Town with adults from the P. T. A. as chaperones and advisers in 1953-54 and the largest membership in history was reached that year with 675 total membership. Mrs. Thomas Elliott was membership chairman this year.

In 1958-59 a certificate of progress was presented to the Pahokee P. T. A. by the Florida Congress of Parents and Teachers. A Guidance Counselor for the High School.

This year the Pahokee P. T. A. has 400 paid-up members an enrollment of 456 students in High School and 555 students in grades one thru six. Mrs. Ellis Wilkinson is now serving as president of the P. T. A.

Some of the projects over the years include the sponsorship of the Brownie work, purchasing electric ventilating fans, helping purchase Glee Club music supplies, participating in the P. T. A. county council Scholarship fund being established for a Palm Beach County graduating senior who plans to go to college to prepare for teaching profession, the purchase of drapes for the elementary library, and books for the library, purchasing equipment for the cafeteria, contributing to Dental Clinic for underprivileged children and serving of meals to underprivileged children in cafeteria.

Request Denied City West Palm Beach

The city of West Palm Beach received a negative answer from the County Commission this week on the municipalities request that the county add 12th Street to the secondary road system.

The board denied the request on motion of Commissioner Lake Lyle who said the city agreed to accept maintenance of the road after the county provided funds for its construction.

Goodbody Concern

(Continued From Page 1) standing in the field of bond validation. He added he thought other firms might be consulted to determine if they wished to make a bid on the project.

Chairman Edward Bandlow explained that hiring of the firm had been recommended by W. C. Goss, the county board's fiscal advisor.

The firm was retained to handle the bond issue at a contract price of one-half of one percent of the total amount of bonds issued and sold.

John Hutchins, representative of the Goodbody firm, assured the commission that if the terminal project was not carried out and the bond issued was abandoned, the county would not be obligated to pay the bond firm for any advance work that might be carried out.

Cancer Crusade

(Continued From Page 1) phases of the public education program, the chairman said, is to make people aware of cancer and its danger signals. Early detection saves many lives—this year in the nation it will save and estimate 177,000. He added that 88,000 more lives could be saved if the disease is detected early enough for treatment. At the present time, Peacock said, more than a million

Americans have been cured of cancer. They are living and free of the disease, five years after treatment.

Funds raised during the campaign will be channeled into continued research programs, to help care for patients already stricken with cancer and for a continuing public education program.
